

# EVENT 1

## E&T 2008 Event 1 - IIT Workshops

European Industries Visiting IITs March 27 – April 5, 2008

### SCHEDULE

27th March IIT Bombay  
29th March IIT Guwahati  
31st March IIT Kharagpur  
2nd April IIT Kanpur  
3rd April IIT Roorkee  
5th April IIT Chennai

## PARTICIPANTS

### EU Industrial Sectors

Following selected industries are being requested to present their likely R&D project requirements for the coming five years.

**Energy : AREVA**  
**Infrastructure: IOSIS**

**Transportation: EADS**  
**Environment: FLUIDYN**

### EU Academic Institutions

European faculty management from the following and other schools are being requested to present dual degrees and PhD programs currently offered to Indian students.

**École nationale des Arts et Métiers (ENSAM) and École Centrale Paris (ECP)**

### IIT Management and Faculty

IIT faculty and management involved in student orientation programs will be requested to discuss graduate dual degree programs during the first session.

### Indian Students

IIT students (3rd year) who would like to know about career options with European R&D industry will participate. NIT students likely to join IIT Master and PhD programs will be invited by the IITs to attend the meeting.

## AGENDA

**Faculty Session: About 2 hours possibly in the morning**

#### Objectives:

- Discussion on dual degree programs for IITs and EU schools
- Possible options for industrial mentoring
- Presentation by IIT faculty of facilities and student orientation programs
- Presentation by European schools of R&D projects underway
- Discussion with industry of possible financing of Master / PhD programs

**Student Session: About 4 hours in the afternoon and evening**

#### Objectives:

- Discussion of European R&D projects and career options for students with European industry
- Presentation by each of the European industries of R&D projects in Energy
- Transportation, and related sectors of Infrastructure and Environment

After the industrial presentation, a one-to-one interaction session will follow that may continue late into the evening.
